### Description of fiscal impact:

The creation of a registry as required by this bill and the posting to the department web site will not have fiscal impact to the Department of Public Health and Human Services.

### FISCAL ANALYSIS

#### Assumptions:

#### **Department of Public Health and Human Services**

1. The Department of Public Health and Human Services (DPHHS) will create a registry to house the lists of health care providers and other persons who have indicated either willingness to or are not willing to accept the transfer or assist with the transfer of declarants who are being transferred pursuant to the provision of life-sustaining treatment.
2. The department will make this registry available for public view through the DPHHS web site.
3. It is estimated that the number of people registering will not be more than 100.
4. The list would be maintained on the web page without the creation of a database to house the list.
5. This work can be completed within existing program resources.

**Technical Notes:**

1. The bill does not state whether the registration of providers or other parties is voluntary or mandatory.
2. The bill does not state whether self-registration would be allowed.
